REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 1-10 are considered allowable since when reading the claims in light of the , specification none of the references of record alone or in combination disclose or suggest the combinations of limitations specified in the independent claims. As to claims 1-10, the prior art of record does not teach a process unit, a database unit, a share unit, a synchronization process unit; the process unit and database unit are independent of a processor and a database already existing within each of the core control devices, and are specifically for serving remote access equipments, thereby making the core control devices in different places be of mutual disaster recovery relation; the share unit is used for sharing processing ability and data; and the synchronization process unit is used for synchronizing data between the core control devices of mutual disaster recovery. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
